ABOUT MYSELF

I bring 5.5 years of WordPress development experience, specializing in HTML, CSS, JavaScript, jQuery, Bootstrap, SQL, Core PHP, and React.js to build customized, high-performing websites with seamless API integration.

WORK EXPERIENCE

10 MAR 2022 – CURRENT Gurugram Haryana, India
SOFTWARE DEVELOPER WEBORITY TECHNOLOGIES PVT. LTD.

- Led the design, development, and deployment of websites using HTML, CSS, JavaScript, jQuery, Bootstrap, Wordpress, Woocommerce, Shopify, PHP, MySQL, and React JS.
- Created and designed websites, overseeing the development process from concept to deployment.
- Managed deployment processes for both staging and production environments, ensuring smooth transitions and high-quality outcomes.
- Led a team of developers, providing guidance, assigning tasks, and managing team workload to ensure project success.
- Debugged websites, resolved issues, and enhanced site performance to meet high standards.
- Customized WordPress plugins and themes to enhance site functionality according to client specifications.
- Collaborated closely with clients to gather requirements, develop actionable plans, and implement changes.
- Occasionally communicated with clients to ensure requirements were met and align with their needs.
- Optimized site performance and addressed technical issues as they arose.

1 AUG 2019 – 28 FEB 2022 Delhi, India
SOFTWARE DEVELOPER EPIC CONTENT & DESIGN LLP

- Designed, developed, and deployed responsive, mobile-first websites based on design concepts.
- Utilized HTML, CSS, JavaScript, jQuery, Bootstrap, PHP, and MySQL for front-end and back-end development.
- Customized WordPress themes and plugins to meet specific client requirements.
- Analyzed web analytics to enhance design elements and improve site performance.
- Debugged and optimized websites using Chrome Inspector and other tools.
- Provided feedback on the feasibility of web application requirements and interface designs.
- Managed both production and staging environments, ensuring smooth deployments.
